

E N Z O C U C C H I

Enzo Cucchi was born in Ancona, Italy in 1949. He is one of the essential figures of Transavanguardia and Neo-expressionism. Cucchi currently lives and works in Rome and Ancona.

As plenty of artistic thoughts in the 20th century had continually innovated, it placed art into a single-track developing predicament. The Transavanguardia steps backward to the cultural accumulation and advocates the diversity of art. The way that Cucchi creates multiple works at the same time forms a combination with the artist as the core. The occasion in practice and the vital statement of changing present a free trendy on still picture.
